# 2011 IDAHO Farmers Markets

Farmers Markets in Idaho play an important role in connecting consumers with local farm families for fresh, quality local foods and farm products. Baskets of colorful fruits and vegetables, specialty herbs, fresh flowers, and artisan bread can be found decorating each aisle and festive entertainment or special events can be found adding fun and excitement. Markets connect communities with the people who nurture the land producing the best Idaho has to offer while supporting the local economy at the same time. Celebrate Idaho's natural bounty and visit a farmers market near you.

*The pick of the crop from Idaho*
